

At Moûtiers follow the signs for the Meribel and Courcheval

As you go up the mountain watch out for the turning up to Meribel

As you reach Meribel Centre, stay on the right and go below past The Olympic Centre and take a right at the main “Chaudanne” roundabout and into the tunnel. It is then three more kilometres up to Mottaret.

As you approach the Mottaret Roundabout go straight across and through the tunnel to Le Chatelet.

After the tunnel you are at a mini round about which is also the Bus Stop.

Go into the Car Park and drive to the bottom. Les Alpage du Mottaret parking is on the right hand side and the “A” building is the furthest from the roundabout.

The front door code is **17355** and apartment number **3A** is directly in front of you on the ground floor.

The ski lockers are down the front stairs on the right hand side of the entrance.
